BUGBANE

SAFETY DATA SHEET

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product identifier

Product Name BugBane Faux Leather Fly Swatters with Window Fly Traps

Other means of identification - product variants

Model #	Product Name	UPC / EAN	ASIN
FlySwa2	BugBane Fly Swatters, 2-pack w/ 4 Window Fly Traps	5060560770664	B0BXNSPB25

Recommended use of the chemical and restrictions on use

Recommended Use Pest Control - Non-Aerosol (mechanical swatter and sticky trap)

Uses Advised Against No information available

Details of the supplier of the safety data sheet

Supplier Name BugBane LLC

Supplier Address 30 N Gould St Ste 5246, Sheridan, WY 82801

Supplier Phone Number 844-460-1234 (Monday-Friday, 8:30 AM - 5:00 PM ET; product information, not for emergencies)

Supplier Email support@bugbane.co

Emergency telephone number Medical emergency (24 hours): Poison Control 1-800-222-1222 (US, free, staffed around the clock)

2. HAZARDS IDENTIFICATION

Classification

This product is considered an “article” and is not classified as dangerous. The product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200) or the CLP Regulation (EC) No 1272/2008.

Signal word None

Hazard Statements: None. The product contains no substances which at their given concentration are considered to be hazardous to health.

Appearance Faux leather swatter head on a stainless steel handle; window fly trap is board with a sticky glue coating

Physical State Solid article (mechanical swatter and glue-coated trap)

Odor Odorless

Precautionary Statements - Prevention

Handle with care. Wash face and hands thoroughly after handling. The swatter handle may have edges; handle as a normal household implement.

Precautionary Statements - Response

Eyes: IF IN EYES: Rinse cautiously with water for several minutes. If any doubt, get medical advice/attention.
Skin: IF ON SKIN: Wash with plenty of water. If irritation persists: Get medical advice/attention.

Precautionary Statements - Storage

Store in a well-ventilated place. Keep out of reach of children.

Precautionary Statements - Disposal

Dispose of contents/container in accordance with local/regional/national/international regulations.

Hazards not otherwise classified (HNOC) The product does not contain substances with endocrine disrupting properties in concentration of 0.1% or more.

3. COMPOSITION / INFORMATION ON INGREDIENTS

The substances below are the adhesive coating of the WINDOW FLY TRAP component. Weight-% is of that adhesive coating, not of the packed bundle.

Chemical Name	CAS No.	Weight-%	Trade Secret
Butyl rubber	68441-14-5	2-10	N/A
Polyisobutylene	9003-27-4	10-20	N/A
White mineral oils	8042-47-5	30-50	N/A
Polyethylene	9002-88-4	1-5	N/A
Oil resin	69430-35-9	15-25	N/A

Other components of the packed product, supplied as solid articles and not classified as hazardous:

Component	CAS No.	Weight-%	Trade Secret
Faux leather (swatter head)	Not applicable (article)	-	N/A
Stainless steel (handle)	Not applicable (article)	-	N/A

Note: Any weight shown as a range is to protect confidentiality or is due to batch variation. CAS number is Chemical Abstract Service Registry Number. N/A means not applicable.

4. FIRST AID MEASURES

General Advice Show this safety data sheet to the doctor in attendance.

Eye Contact Not an expected route of exposure. If contact occurs, do not rub the affected area. Rinse open eyes for several minutes under running water. If symptoms persist, consult a doctor.

Skin Contact Wash off with plenty of water or use a recognized skin cleanser. If symptoms persist, consult a doctor.

Inhalation The product will not be inhaled under normal use. No special measures required.

Ingestion Not an expected route of exposure. If ingested, rinse your mouth. Do not induce vomiting. Obtain medical attention.

Self-protection of the first aider Avoid contact with skin or clothing. Use personal protective equipment as required.

Most Important Symptoms and Effects None

Notes to Physician Treat symptomatically and supportively.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media Dry chemical, CO2, foam, water spray. Choose extinguishing measures appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media No further relevant information available.

Specific Hazards Arising from the Chemical During a fire, incomplete combustion and thermolysis may produce carbon oxides and irritating fumes.

Uniform Fire Code Irritant: Solid

Sensitivity to Mechanical Impact No.

Sensitivity to Static Discharge No.

Protective equipment for firefighters Fire extinguishing must be done from the windward direction. Firefighters must wear adequate protective equipment (heat-resistant clothing, safety glasses) and self-contained breathing apparatus due to toxic gases generated during a fire.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions Caution - spillages may be sticky. Use personal protective equipment if required. Ensure adequate ventilation.

Environmental Precautions	Harmless under normal use. To avoid risks to the environment, comply with the instructions for use.
Methods for Containment and Cleaning Up	Sweep up and shovel. Move to an appropriate container for disposal. Prevent further leakage or spillage if safe to do so.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Ensure good ventilation at the workplace.
Storage	Keep in a dry and well-ventilated place. Keep out of reach of children.
Incompatible Products	Strong oxidants.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

No exposure limit value of the product is known. The product does not have any harmful effects if used and handled as specified.

Exposure Guidelines	Not applicable
Engineering Measures	Use appropriate equipment and adequate exhaust in confined areas. Wash hands after work or during breaks.
Eye/Face Protection	None required for product use.
Skin and Body Protection	Wear appropriate work clothes to prevent skin exposure.
Respiratory Protection	Respiratory protection is not required for product use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Solid articles - faux leather swatter head, stainless steel handle, and board with sticky glue
Color	Customer color
Odor	Odorless
Flash Point	Not applicable (solid article) - not classified as a flammable liquid. Component white mineral oil flash point > 180 °C, well above the 60 °C flammable-liquid threshold.
Flammability (solid, gas)	Not classified as a flammable solid or gas.
Water Solubility	Insoluble
Oxidizing Properties	Not oxidizing
VOC Content (%)	0.0%

Melting/freezing point, boiling point, density, vapor pressure, flammability, flammability/explosive limits, autoignition temperature, decomposition temperature, viscosity, particle characteristics: No data available / Not applicable.

10. STABILITY AND REACTIVITY

Reactivity	No data available.
Chemical Stability	No decomposition if used according to specification. Stable under recommended storage conditions.
Possibility of Hazardous Reactions	None under normal processing.
Hazardous Polymerization	Hazardous polymerization does not occur.
Conditions to Avoid	Avoid exposure to moisture.
Incompatible Materials	Strong oxidants.
Hazardous Decomposition Products	Hazardous decomposition does not occur under normal storage and handling. When heated to decomposition, material emits toxic fumes of carbon oxides.

11. TOXICOLOGICAL INFORMATION

Product Information	White mineral oils (8042-47-5) Oral Rat: LD50 > 5000 mg/kg.
Inhalation	Specific test data for the mixture is not available.
Eye Contact	Specific test data for the mixture is not available. May cause temporary eye irritation.

Skin Contact	Specific test data for the mixture is not available.
Ingestion	Specific test data for the mixture is not available.
Symptoms	None
Carcinogenicity	No information available.
Target Organ Effects	Skin.

12. ECOLOGICAL INFORMATION

Ecotoxicity	For this product, no effects on aquatic organisms relevant for classification are expected.
Persistence and Degradability	No information available.
Bioaccumulation	No information available.
Other Adverse Effects	Spills and leaks should be cleaned up and removed. Avoid release to the environment.

13. DISPOSAL CONSIDERATIONS

Disposal Methods	Disposal should be in accordance with applicable regional, national and local laws and regulations.
Contaminated Packaging	Empty containers should be properly recycled or disposed of according to local regulations.

14. TRANSPORT INFORMATION

DOT	Non-hazardous / Not regulated
Proper Shipping Name	Not dangerous goods. Not applicable.
Hazard Class	N/A
TDG / IATA / IMDG/IMO / MEX / ICAO / RID / ADR / ADN	Not regulated / Non-hazardous
Marine Pollutant	No

15. REGULATORY INFORMATION

Pesticide device (FIFRA) statement. This product is a pesticide device as defined under the U.S. Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Pesticide devices do not require registration with the EPA. EPA Establishment Number: 93378-CHN-1.

International Inventories

TSCA	Complies
DSL/NDSL	All components are listed either on the DSL or NDSL.

US Federal Regulations

SARA 313	This product does not contain any chemicals subject to the reporting requirements of SARA Title III Section 313 and 40 CFR Part 372.
SARA 311/312 Hazard Categories	Acute Health Hazard: Yes. Chronic Health Hazard: No. Fire Hazard: No. Sudden release of pressure hazard: No. Reactive Hazard: No.

16. OTHER INFORMATION

NFPA	Health Hazards 1 · Flammability 1 · Instability 0
HMIS	Health Hazards 1 · Flammability 1 · Physical Hazard 0 · Personal Protection A
